

## **Information on Teacher Training Programme Modules (TTPM)**

To encourage career progression and upgrading, ECDA has made available alternate entry pathways, where prior learning and relevant work experience could be counted towards entry into the next higher tier of Early Childhood qualification.

TTPM are training modules that are stackable to a full qualification. This is subject to the participant meeting the alternate entry requirements and successful completion of the requisite modules, as determined by the respective course.

Please refer to the table below for more information on course details e.g. module synopsis, alternate entry criteria and contact information. PDP(E) participants who are keen to enrol into any of the TTPM listed in the table below, please contact the relevant Post-Secondary Educational Institute or Private Training Agency directly.

Course	Teacher Programme Module(s) and Synopsis	Training Provider	Entry and/or course Requirements	Duration of Pre-requisite modules (hours)	Contact information
