

TOOLS TO HELP YOU SEARCH FOR A PRESCHOOL

Find out how you can search & indicate your interest in a preschool!

The Moments of Life (Families) Application

MOMENTS OF LIFE Families

Relevant government services and online information

Across different agencies

For the citizen at key moments of his life

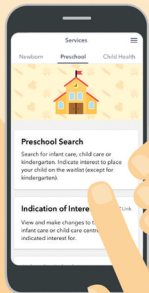

Parents who are looking for preschools can now:

- Use geolocation technology to search for preschools in preferred locations.
- Get an indication of available vacancies as provided by the preschools.
- Indicate interest for a place for their child in specific child care centres.

Parents can also:

- View your children's immunisation records and medical appointments.
- Gain access to parenting information and child-friendly events for the whole family too.

Download the app now!

Registration Management System (RMS)

RMS is a self-help platform for parents to indicate their interest in the child care centre(s) of their choice.

Parents can also get an indication of available vacancies, provided by the child care centres, to help make an informed decision.

www.ecda.gov.sg/Parents/Pages/Registration-Management-system.aspx

What does it mean to indicate interest for a child care centre?

Indicating interest in a child care centre through the Moments of Life (Families) App or RMS means you are interested in placing your child in the centre. It does not mean confirmation of a place for your child.

Centres for which you have indicated interest in will contact you on follow-up actions within 2 weeks of successful registration of interest.

Thereafter, if there are vacancies, please liaise with the centre directly for actual enrolment and placement.

Interested in a Kindergarten?

Search for kindergartens through the Moments of Life (Families) App!

Information on the kindergartens is also available through the App.

However, kindergartens conduct their own admission / mass registration exercises at specific times of the year. Please liaise with the kindergarten directly for indication of interest, enrolment and placement.

The **Early Childhood Development Agency (ECDA)** serves as the regulatory and developmental authority for the early childhood sector in Singapore.
